Our Innovations Are Yours

# What did we DO together?

24

**KLIC talks** aimed at raising awareness of simple and transformative innovations (10 minutes) adaptable to the needs and specifics of each country.

14

**Mini-trainings** on innovative approaches and tools to optimize health programs, processes, and people (health personnel and the community).

9

**Innovation Storytelling sessions** or narratives, with the goal of sharing successful innovation experiences and inspiring participants to take action.

3

**Hackathon sessions** to prototype new ideas to overcome recurring obstacles in health and vaccination programs of participating countries. Funding is mobilized to allow willing participants to test the prototypes in their respective countries.

7

**Innovation Demonstrations** of available cost-effective digital and technological innovations that are underused or insufficiently deployed.

# What KNOWLEDGE have we acquired together?

## KNOWLEDGE capsule 1

How countries are overcoming public health challenges through innovation

## KNOWLEDGE capsule 2

What does it take to lead innovation?

## KNOWLEDGE capsule 3

Innovative Approaches for Human Resources in Health

## KNOWLEDGE capsule 4

New approaches to engaging communities

## KNOWLEDGE capsule 5

New Partnerships

## KNOWLEDGE capsule 6

Innovative supply chains in public health

## KNOWLEDGE capsule 7

Digital transformation and AI

## KNOWLEDGE capsule 8

Data and decision making

# Celebrating INNOVATORS for Health Equity

**Dr. Blaise Guezo-Mevo**

Director of the National Agency for  
Primary Health Care (ANSSP)  
Ministry of Health of Benin

**Dr. Ibrahima Diarra**

Director of the National Immunization  
Center (CNI)  
National Immunization Center in Mali

**Dr. Antoinette Demian**

Director of the Expanded Immunization  
Program (EPI)  
Ministry of Public Health of Chad

**Dr. Abdoulaye Mangane**

Head of Training and Supervision  
Office  
Ministry of Health and Social Action  
(MSAS), Senegal

**Mr. Andrew Brown**

Senior Principal Technical Advisor,  
Health Workforce and Pharmacy  
Management Sciences for Health  
(MSH)

**Mr. Yang Han**

UN/WHO Africa Project Director  
Haier Biomedical

**Mrs. Catherine McLennan**

Head of International Sales  
Dulas Solar International

**Dr. Alain Mugoto Byamungu**

NGCA Program Manager  
VillageReach

**Thanh Bui**

Project Operation Manager  
GaneshAID

**Dr. Franck Bete**

Senior Specialist in Health and  
Immunization Systems  
Strengthening  
GaneshAID

# **KLIConnect** : facilitating access to knowledge on innovations in public health

≈ **100** innovations

Collected from a database of well-known development partners including Gavi, WHO, UNICEF, USAID and Mott McDonald.

# Call for Ideas

*Dorothy Leab*  
*GaneshAID*

# Call for ideas:

## Accelerating Innovation Knowledge Sharing, Adoption and Use

- Areas of interest for the KLIC community?  
Do you have any ideas?
- What do you expect from KLIC in 2025?

# Group picture!

*Please turn on your webcam for a group photo*

# **Testimony of KLIC2024 participants:**

# KLIC Roadmap to 2025

## Evaluation and strategic framing

- Analysis of KLIC2024 achievements, mapping of stakeholders and roles.

## Idea incubator/accelerator to overcome persistent barriers to health equity

- 7 prototypes to be finalized and tested on a small scale by volunteer countries.
- Call for ideas
- KLIC Challenges

## Monitoring, evaluation, accountability & learning

- Establish regular processes to assess the impact of KLIC activities
- Collect information and evidence

## Capacity Building of KLIC Members

- Training of the KLIC community in innovative approaches: design thinking, agile management, data science, innovation strategy, etc.
- Virtual innovation agora for knowledge sharing
- Knowledge sharing tools and collaborative platform, database of proven innovations.
- Exchange trip on innovation in public health.
- KLIC2025: Hanoi → Cotonou → Siem Reap (Cambodia)

## Communication and advocacy

- Knowledge translation, publication of case studies, technical notes, report on the impact of KLIC activities
- Organize public health innovation forums for decision-makers and public authorities from low- and middle-income countries.
- Conduct communication campaigns to inform and mobilize communities/general public around public health innovations.
